IMMUNIZATION INFORMATION

Dear Parents:

This letter is to inform you that you may begin receiving shots both from the Allen County Health Department and Super Shot to obtain needed vaccinations for school. This is of particular importance to those students who didn't receive their required vaccines for school entry last August. Parents, please be sure this is accomplished. Also parents, please remember:

1. Do not call the Health Department to schedule an appointment, just bring your children in but be prepared to wait.
2. Be sure to bring a copy of your child's shot record to the Health Department or Super Shot.
3. For a list of Super Shot locations, please call 424-7468.

Students must be vaccinated by the first day of the 2017-2018 school year OR have a signed religious/medical form in the student's file or they will be excluded from school.

The Indiana State Department of Health recommends that students in grade 12 receive one booster dose of MCV4. Also, the state recommends two doses of Hepatitis A vaccine for all students entering Kindergarten.

Even though the Health Department has vaccines available, they are still encouraging parents to obtain them from their own family doctor if insurance will cover it (to ease the burden on the free providers).

The push is to have all current students who are deficient and incoming Kindergarteners fully immunized by the start of school. Also, please do not wait until the week or two before school starts to check into this.

Here are the 2017-2018 school year immunization requirements:
